

Been Arrested?

What does it mean to **EXPUNGE** my juvenile record?

To “erase” or physically destroy records or to return the records to you, and to obliterate (remove) your name from any official index or public record, making the record off limits to most entities.

NOT ALL JUVENILE RECORDS JUST GO AWAY!

A study from the Illinois Juvenile Justice Commission found that less than one percent of cases eligible for expungement were expunged in the state of Illinois.

Why is expunging my juvenile record **IMPORTANT?**

- ◆ Can impact ability to get a job, attend college, or serve in the military
- ◆ Confidentiality is not always a guarantee with juvenile records

Illinois expungement laws:

705 ILCS 405/5-915
and
705 ILCS 405/5-622

DO I NEED A LAWYER TO FILE FOR JUVENILE EXPUNGEMENT?
