Youth Involvement:

Julia provided a summary of the discussion after meeting with Ally, who is in a position at the ROE where she gains perspectives from the youth about their experience in the court process. Some ideas that came up as part of that discussion were:

- Roundtable discussion
- Informal information gathering by those working in the field at different decision points that could be compiled

- Different decision point focus groups
- Exit surveys @ decision points
- More targeted lunch and learns

Discussion:

- Ally provided some additional examples what she is hearing in conversations in with youth
- A concern was brought up about talking with youth who are pre-adjudication about their experience.
- Some early discussions around doing exit surveys through probation. May also consider following a station adjustment as well.

Next step: Julia can gather some information and bring to the station adjustment workgroup to use surveys at that level
